

LGBTQ EQUALITY

We have been working on...

- Assisting students who are organizing or maintaining Gay-Straight Alliances in Utah high schools
- Providing technical support to activists from the Utah Pride Center to make Salt Lake School District's "Gender Inclusion" policy more supportive of transgender and gender non-conforming students;
- Participating in pride festivals statewide

Looking forward....

- Advocating with partners, the transgender community, and allies, to make it easier to change gender categories on birth certificates and ensure that any legislation provides meaningful access and protection
- Provide advice and support for Gay-Straight Alliances across the state

You may have seen us at:

- "Creating Safety For Gender Diverse Youth In Schools" - July 2018
- Gay-Straight Alliance Panel Discussion - August 2018
- Logan, Ogden, Salt Lake, Provo, Moab & St. George Pride Festivals

ACLU

Our goal: an America where LGBTQ people can live openly, our identities, relationships, and families are respected, and everyone receives fair treatment on the job and in schools, housing, public places, and health care.

Through litigation, legal advocacy, and public education, the ACLU of Utah works to protect the basic rights and liberties of lesbian, gay, bisexual, transgender, and queer (LGBTQ) people. Today, the ACLU brings more LGBTQ cases and advocacy initiatives than any other national organization does. With our reach into the courts and legislatures of every state, there is no other organization that can match our record of making progress both in the courts of law and in the court of public opinion.
