Re: Subpoenas regarding illegal wiretapping program

Dear Senator Hatch:

Thank you for your vote in support of the Senate Judiciary Committee's subpoenas to the White House on the domestic wiretapping program. We very much appreciate your support in this effort to get to the bottom of the Administration's legal justification behind the National Security Agency's program to spy on Americans without warrants. It's been distressing to observe the White House repeatedly turn down previous Senate Judiciary Committee requests for these same documents while at the same time more revelations of Constitutional abuses come to light.

We urge you to continue to persist in the Senate's efforts to investigate the warrantless wiretapping program before considering any legislative changes to the Foreign Intelligence Surveillance Act (FISA).

Thank you again for your support for democracy and the rule of law.

Sincerely,

Karen McCreary
Executive Director
