Corrections Bureau Special Order

Subject:	SB81 - Verification of Legal Status Upon Arrest	Effective Date:	July 13, 2011	Number:	11-08
Reference:		Amends:			
Distribution:	All Bureau Members	Recehds:		Pages:	1

As you are aware, SB81 requires all jails to make a "reasonable effort" to verify the legal status of everyone in the United States that have been arrested on a charge or warrant for Driving Under the Influence and all first, second and third degree felonies. If, as part of this reasonable effort, there is or has been a practice of holding prisoners with no proof of legal status without bail for up to 48 hours this practice is to be suspended immediately until a thorough review of our process by the District Attorney's Office can be conducted. We are still expected to follow the rest of the process to verify legal status, but we will not hold prisoners meeting this criterion if a lawful means of release has been obtained. This includes, but is not limited to, the posting of bail if available to them according to the bail schedule or if set by arraignment.

Rollin Cook
Corrections Bureau Chief Deputy
